DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. Authorization for this examiner's amendment was given in a telephone interview with Susan Heminger (Registration No. 36,449) on 12/02/2004.
3. The application has been amended as follows:
 - a. Claim 1, line 11. Please replace "obtain" with "obtained".
 - b. Claim 10, line 10. Please replace "obtain" with "obtained".
 - c. Claim 11, line 1. Please replace "of Claim 9" with "as described in Claim 10".
 - d. Claim 12, line 1. Please replace "9" with "10".

Allowable Subject Matter

4. Claims 1-17 are allowed.

The following is an examiner's statement of reasons for allowance:

- a. Independent Claims 1 and 10 both define features of cropping frequency coefficients of a portion of the arrays so as to cause corresponding regions of the image to be scaled when converted into a spatial domain representation dependent on the amount of cropping wherein cropped blocks of coefficients are obtained; transmitting coefficient data including the cropped blocks and un-cropped arrays of frequency coefficients to the apparatus for displaying a scaled version of the

image in the second display area. These features in combination with other features in Claims 1 and 10, which are the broadest allowable claims, are not taught or suggested by the art of record.

- b. Claims 2-9 are dependent upon Claim 1.
- c. Claims 11-17 are dependent upon Claim 10.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
